THE FALCON CLUB OF AMERICA, INC. is a nonprofit organization dedicated to preserving the FALCON automobile built by the Ford Motor Company from 1960 to 1970. Roy E. Sword (501/982-4240) founded the worldwide club in 1979. It is incorporated under the laws of the State of Arkansas. Yearly dues to The Falcon Club of America are \$20.00 (\$25.00, payable in U.S. funds, outside the United States) and are payable to: The Falcon Club of America, P.O. Box 113, Jacksonville, AR 72078-0113.

THE FALCON NEWS is published monthly with information from its members. All copy for The Falcon News should be sent to the editor, Kathy Lerner, 2721 Gilboa Ave., Zion, IL 60099-2421. Copy must be received by the first of the month preceding date of issue.

Vice President's Message

April already? Time is really flying, and the Lone Star Chapter is hoping for the largest national convention ever. It can't happen without you, so please plan to attend. I promise you won't be disappointed!

Some lucky individual is going to go home with a brand new car trailer, as our raffle winner. Mickey is going to write more on that subject later, but I just couldn't wait. Butch Carter is building this car hauler, so you can be assured that it will be the best quality available (he also built the club store's trailer).

The banquet menu isn't established as yet (3/13), but I will guarantee there will be no chicken anywhere! How about some Texas sized humming bird hearts? They weigh about two pounds apiece and should fill an adult. We had an extremely good rattlesnake roundup this year. How about a plate of deep fried snake? Smothered with frog legs? Delicious! No, this is not for real; just checking to see how many people read this. It is April, remember. Besides that, it is hard to find humming birds that small around Dallas!

On a more serious note. We feel our committees have planned a convention you won't soon forget and promise to make you all feel right at home. Ya'll come!

Love Ya All,
Marty

Chapter News

The *Mile-Hi Chapter's* January kick-off meeting was held at the upstairs club room of a Hardee's Restaurant in Aurora, CO. A large group attended driving their Falcons. A "Lifetime Membership" project was begun last year in which records are kept of everyone attending a function, organizing a function, driving their Falcon, etc. Points are given for specific categories and rewards will be earned. The February Valentine potluck supper had to be cancelled due to icy roads and a snow storm.

At the *Mid America Chapter's* February meeting in Overland Park, KS, 23 members were present with two Falcons driven to the meeting. An All Ford Show is being planned for June 4, 1995, at Metcalf South Shopping Center in Overland Park.

The *Suncoast Chapter* held their February meeting at the Wagner residence in Plant City, FL. Final plans were made for their upcoming fifth annual regional meet which will be held on April 27 - 29, 1995, in Lakeland, FL.

At the end of their first year as a chapter, the *Music City Chapter* has a total of 23 members.

On June 3 the *Blue Ridge Chapter* will cruise to Helen, GA, for a picnic and day of fun. Any chapters close enough are welcome to join them. They plan to arrive about noon.

The *Northwest Chapter* recently held a meeting in the home of Jim and Teresa Frey. Club activities for the year were discussed, and some of the suggestions included garage tours, a progressive dinner, taking overnight trips, and planning a special activity day to introduce the chapter to local people who are members of the national club but may not realize there's a local organization.

The regular January meeting of the *River City Chapter* was flooded out, so they held an emergency meeting when they went on their Chili's cruise. They discussed their upcoming fifth annual regional meet that will be held June 9 - 11, 1995, at Rancho Cordova.

The *Carolina's Chapter* has a new meeting day, the first Tuesday of the month, at Shoney's University Place. They are planning to participate in a display of all Ford vehicles in the old garage area during the Charlotte Motor Speedway Spring Auto Fair in April. What a great way to show off those gorgeous Falcons! At their recently held meeting they discussed their first regional meet that will be held September 22 - 23, 1995, at the Holiday Inn Wodlawn.

August 11 - 12, 1995, has been selected for the second regional meet to be held by the *Northeast Chapter*. It will be located at the Ramada Inn, Auburn, MA. Their fourth all Ford show will be held the next day, August 13, at the same place. Call Ray at 401/934-2105 for more information.

Editor's Note: It sounds as if many of the Chapters are planning a variety of activities this year. Send me some photos with a write-up for the newsletter — *please!*

Tech Tips

Door Seal Replacement: Sedan, Wagon, Ranchero, Sedan Delivery

1. Remove or protect armrests and door panels.
2. Remove old seal with Exacto knife or similar tool.
3. Remove residue with small wire wheel chucked in electric drill.
4. Remove dust with air hose if available.
5. Clean with mild (ethanol-based) carburetor/parts cleaner, rags, and a small toothbrush-shaped wire brush. Wear rubber gloves. Avoid exposed painted surfaces.
6. Wash with warm soapy water and a stiff-bristled brush, such as an old toothbrush.
7. Rinse with hot water.
8. Wipe with clean rags.
9. Dry with air hose if needed.
10. Check fit of new seal and follow manufacturer's instructions for installation, especially the caution against stretching the material. Use a fresh tube of 3M weatherstrip cement; follow directions on tube. My experience indicates that slightly more than half a tube of cement will be used on each door.

I want to thank Dave Jones, Parachute, Colorado, for his help with this project.

Saving Your Dash from Sunburn

You've certainly heard and read about how using a sunblock cream can save your skin from excessive sun damage, and can even help to prevent skin cancer. If your car has a padded dash, you have probably noticed that too much sun can give it a kind of "skin cancer," too, and that ArmorAll and all those other protectants don't really seem to help the problem.

Here's a tip from Robert Sikorsky: After you've cleaned your dash carefully and thoroughly, take a little sunscreen cream — the higher the SPF, the better — and rub that in to the padded dash just as you would do to your own skin. Let it soak in as much as it will, then buff off the excess. Apply the commercial protectant of your choice to seal it in.

In the Spotlight from Elk, NJ

“1963 Wagon”

This slick little '63 two-door station wagon belongs to James and Donna Larking of Elk, New Jersey. James has owned the car for the past 11 years and knows every inch by heart. Having an FCA number as low as 1340, I would also guess that James has been a member of the FCA for close to 14 years. He reports that he enjoys the newsletter, mostly parts, tips, cars and stories. Heck, we must be doing something right!

The body has weathered well, suffering a shopping cart attack in 1981, and the normal rust we all find. Can you believe this car was last repaired and painted in 1982? Nice job!!!

How about the credentials? Well, James reports the original 144 was removed, bored 30 over and given new internals for its second life. That was during 1987! Ford tough? I reckon! Fuel air mixing is provided by a 1941 Motorcraft carb. Ignition for the mix is provided by a stock distributor, amplified by an MSD 5 box, with Bosch platinum plugs providing a healthy spark. To keep the little motor purring, forever, James has added an oil cooler and gauge to monitor the “heartbeat” (excuse me!). The original air-cooled two speed still does the pushing. The cars rides on the original 13" wheels, shod with 185/80R13 Michelins at all four corners. Air shocks hold up the rear for that extra bit of control.

Inside we find the seats have been reupholstered using the original steerhead materials. For tunes, a sampling of original AM and an option underdash of AM, FM or cassette pouring out to four speakers. Get tired of the tuns and turn on to a two meter ham radio. Talk to the rest of the world.

Nice car, nice people!!! Thank you for sharing, James.
